

## Professional Learning for Classroom Teachers

Before accessing or implementing the Mi-STAR curriculum, teachers need to complete the **Mi-STAR Professional Learning program**. This professional learning for classroom teachers is coordinated and facilitated by Mi-STAR Professional Learning Facilitators.

The **Professional Learning program for classroom teachers** consists of the components listed below. Participants must participate fully in all components.

- **Mi-STAR Academy Curriculum Primer**
- **Experiential Sessions**
- **Mi-STAR Academy Unit-Specific Course(s)**
- **Ongoing Professional Learning Community (PLC) Sessions**
- Previous experience with **NGSx and/or Modeling in Michigan** is recommended.

For more information on each component of the Professional Learning program for classroom teachers and for pricing information, contact Marianne Semones, [msemones@mtu.edu](mailto:msemones@mtu.edu).
