

Tentative Schedule for Mi-STAR Project – Partner University Involvement

Prepared March 8, 2015

This tentative schedule has been prepared to provide everyone with a sense of what is planned for the Mi-STAR project. It is important however for users of this schedule to understand that Mi-STAR is an ambitious project and mid-project modifications to the schedule will be necessary. Updated (and dated) versions of this schedule will be issued at the end of each trimester to promote communication. Other opportunities may arise and information about them will be communicated as it becomes available. Please see accompanying detailed information.

Types of university collaboration in the Mi-STAR project:

- The **Partner University Collaboration Team (CT)** is responsible for coordinating unit development at regional hubs and recruitment of individual faculty participants (and may also serve as curriculum development team members or on-call faculty). This group includes Dr. Jackie Huntoon (MTU), Dr. Steve Mattox (GVSU), Dr. Heather Petcovic (WMU), Dr. Kaz Fujita (MSU), Dr. Tom Kovacs (EMU), and Dr. Mark Francek (CMU).
- **Curriculum Development Team Members*** (CDTM) work as part of a teacher team [or teams] on unit development in the summer.
- **On-call Faculty (OCF)** are not standing curriculum team members but are available as needed for short consultations on unit development and review.
- **Curriculum Review Team Members*** (CRTM) review previously developed curriculum units, providing recommendations for improvement

<i>Year</i>	<i>Trimester</i>	<i>Opportunity for Involvement</i>	<i>Anticipated Faculty Time Commitment</i>	<i>Benefit Offered to Faculty</i>
2015	Spring	CT - Development of faculty recruitment materials	1-2 hours/week	Summer salary/consulting fee
		CT - Coordinate summer hub logistics with school districts	1-2 hours/week	Summer salary/consulting fee
		CT - Recruit faculty for curriculum development	1-2 hours/week	Summer salary/consulting fee
	Summer	CT – Coordinate summer curriculum development hub logistics	8-10 hours/week at hub	Summer salary/consulting fee
		CDTM – Participate in unit development	1 week minimum	\$500/day for faculty + post-docs \$160/day for doctoral students
		OCF – Consult on unit development	1 to 8 hours	\$62.50/hour for faculty + post-docs \$20.00/hour for doctoral students
Fall	CRTM – Conduct review of one or more units	8 to 16 hours	\$62.50/hour for faculty + post-docs \$20.00/hour for doctoral students	
	OCF – Consult on unit review	1 to 2 hours		
2016	Spring	CRTM – Conduct review of one or more units	8 to 16 hours	\$62.50/hour for faculty + post-docs \$20.00/hour for doctoral students
		OCF – Consult on unit review	1 to 2 hours	
	Summer	Additional opportunities for involvement will be made available to contribute to pilot testing and implementation of the curriculum.		
Fall				
2017	Spring	Additional opportunities for involvement will be made available to contribute to pilot testing and implementation of the curriculum.		
	Summer			
	Fall			

*These individuals include faculty, research faculty, postdoctoral scholars, and graduate students in STEM/STEM Education fields.
